# ORGANISER

**The Great India Textile Show is a prominent trade exhibition in Varanasi that showcases the latest advancement in Textile and Garment machinery, Accessories, Yarn, Jari and innovations. In 2024, the event was held from November 15 to 17 at the BLW Ground in Varanasi, Uttar Pradesh .**

**Varanasi, known for its rich textile heritage, particularly the intricate Banarasi silk saris, provided a culturally significant backdrop for the event . The exhibition brought together a diverse array of industry professionals, including manufacturers, designers and suppliers fostering collaboration and innovation within the textile sector.**

**Attendees had the opportunity to explore cutting-edge textile machinery, sustainable production methods and emerging fashion trends. The event also featured seminars and workshops led by industry experts offering insights into market dynamics and technological advancements Globally.**

**GITS invites all those interested in this exhibition or seeking more information so it is advisable to follow the official social media account or login to [www.essentialtradefairs.com](http://www.essentialtradefairs.com) of the Great India Textile Show for updates and announcements .**

## Why VARANASI

**Participating in the Varanasi Textile Machinery Exhibition offers numerous benefits to importers, manufacturers, Traders, designer, artisan. Here are some compelling reasons to participate:**

- 1. Showcase Heritage and Innovation** Varanasi is a historic hub for textiles, specially Banarasi silk. The exhibition offers a platform to display traditional craftsmanship, present innovative textile designs and techniques & celebrate India's rich handloom heritage.
- 2. Business Opportunities: B2B Networking** with wholesalers, retailers, exporters, and designers Direct Sales and lead generation. Meet potential investors and collaborators.
- 3. Market Exposure :** Reach national and international buyers, gain attention of media and industry. Build brand visibility in a culturally rich and commercially active region
